# REPORT OF SCHOOL BOARD.

In accordance with an established custom, and at the same time we trust appreciating our privilege, we make our annual report. It is natural for us, who are but of yesterday, to look for immediate results from our efforts.

The results to a certain extent have fallen short of our expectations; where to fix the responsibility might be a question not the most momentous; "What cannot be cured must be endured," is an old maxim which we often have occasion to remember. As in some previous report, it has been recorded and we are privileged with repeating it, that the majority of our teachers have been among our own townspeople, who with a recognition of the demands and with an interest peculiar to such, have filled the places quite as well as strangers; at least this has been our experience. With the exception of one or two cases, the government in our schools has been satisfactory. Experience has taught us that a good instructor is not always a good disciplinarian, or a good disciplinarian always the best instructor. In one school especially we were obliged to make a change of teachers during the school term; while we do not regret the change, yet we do regret that the former teacher did not assume her legal authority as mistress of the situation and appropriate the powers at her disposal. The call for some sharp reprimands in a few cases, and the government has been generally good; of course it is generally understood that the result of good discipline and government at home will lead to a corresponding result in the schoolroom; any teacher will tell us that. A stream will never rise higher than its fountain head.

The school board claims no infallibility, consequently not exempt from public criticism. The same old problem confronts us, how to remedy the irregularity of attendance. The records show us that there have been hundreds of days paid for by the town, which have been wasted by absences which we question if are at all justifiable; we trust we have not been negligent in trying to impress upon the minds of the parents the necessity of regular attendance, and the incurable results of this growing evil of absences.

We are sorry to find in some cases, parents and those having the custody of children, keeping them at home to work during the school term. In our humble opinion if anyone should be concerned regarding the education of children it should be parents and guardians.

It has been said that children are not obliged to attend school more than twelve weeks in the year; such a law should be hostile to reason and to the interests of the rising generation.

Another great hindrance over which we as a school board have no control, arises from the limited amount of money appropriated for schools; we have been able to give but two terms of school in the rural districts during the year. We have been able to extend the second term to eleven weeks in schools Nos. 4 and 12, and in the two primaries; twelve weeks in No. 1. We have had three terms of ten weeks each in the grammar schools. While we regard the winter term of the grammar schools a great privilege for a few scholars who live in the rural districts as well as those in the immediate vicinity, yet it seems almost intolerable to have our primary school rooms at the Village and Depot closed from fall to spring; another point, we can't expect to get experienced teachers for our mixed and primary schools for only two term in the year. We hope it will be realized that an increase of funds would be a potent factor and an absolute necessity for the promotion of education.

We have been able to make some extensive repairs on

schoolhouses Nos. 4 and 12; while we have some things to regret we are encouraged with the general progress; hoping for better in the future and trusting divine providence, we are yours for the education and good of the children upon whom our hopes are centered for the future prosperity of the town.

# REPORT OF FIREWARDS.

The fire department has been called out once in the past year.

February 22, an alarm was given for a fire in the dwelling house owned by Sylvester Drury, and was extinguished with damage to the building of fifty dollars.

The apparatus of the fire department is as follows: One Hunniman engine, one hose cart, four pieces suction hose, six hundred feet of good hose, two hundred feet poor hose, four rubber coats, four rubber hats, two pairs rubber boots, three axes, two lanterns, one wrench, six fire buckets, one fire hook, one ladder, one bell from old engine.

Respectfully submitted,

CHARLES L. HASKELL,
Chief of Firewards.

Fitzwilliam, Feb. 15, 1899.

# REPORT OF BOARD OF HEALTH.

The Board of Health respectfully presents to the town the following report:

During the past year, the town has been fortunate in having only four cases of contagious diseases, one of diphtheria and three of scarlet fever, all of which have recovered. The small number of cases is due, in a great measure, to the precautions taken by the board of health.

We would impress upon the people again this year, the importance of cleanliness about their homes and a proper disposition of waste material.

WILLIAM H. SHAW, M. D.,
GEORGE S. EMERSON, M. D.,
CHARLES D. BIGELOW,
Board of Health.

Number of books lost during the year, none; number of books added during the year, 103. Our library now contains 4,646 volumes. The average circulation has been at the rate of 49 volumes per week, or 2,460 volumes during the year.

We gratefully acknowledge the receipt of several reports and public documents from the state and general government. Three books and several magazines from Mrs F. G. Kimball of Brookline, Mass., eighteen books from Miss M. C. Wetherbee of Boston, one book from Mrs. Howes, two books from Miss Gilmore, magazines from the "Magazine Club of Fitzwilliam" and citizens of the town, one book from Mrs. Isaac F. Paul, one book from Mrs. Sarah A. Carter.

We would again call the attention of the citizens of the town to the provisions of chapter 8 of the public statutes, and chapter 118 of the laws of 1895, in relation to the establishment and maintenance of free public libraries.

The general trend and drift of the libraries in this state is in the broad current of the most progressive methods and the broadest practical utility.

The general demand for books is increasing each year—and is a demand for the best books, those that are stimulating and instructive, and at the same time entertaining and attractive, and it has been our aim during the past year to procure such for our library.

The effort is made with a good and growing degree of success to place the treasures of our library at the disposal of every reader and citizen of the town in the simplest and readiest way, with the least formality or restraint.

The libraries of our state are becoming daily more helpful to the school and to the home, and the result of their influence cannot fail to broaden and deepen the intelligence, humanity, patriotism and public spirit upon which the ideal municipality of the future must depend for its existence and perpetuity.

Respectfully submitted,

ANNIE L. COLBY,
Librarian.

J. M. PARKER,
AMOS J. BLAKE,
Supervisors.

I hereby certify that the foregoing transcript of births, marriages and deaths is correct, according to the best of my knowledge and belief. JULIUS H. FIRMIN, Town Clerk.

# THE STATE OF NEW HAMPSHIRE.

[L. S.]

*To the inhabitants of the town of Fitzwilliam, in the county of Cheshire, in said state, qualified to vote in town affairs:*

You are hereby notified to meet at the town hall in said Fitzwilliam, on Tuesday, the fourteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1.—To hear and act upon the reports of agents, auditors, committees or officers heretofore chosen.

ART. 2.—To choose all necessary town officers for the ensuing year.

ART. 3.—To allow accounts against the town.

ART. 4.—To raise money for the repair of highways and bridges and determine the amount.

ART. 5.—To raise money for schools and determine the amount.

ART. 6.—To raise money to defray town charges and determine the amount.

ART. 7.—To see if the town vote to appropriate a sum of money not exceeding ($40) dollars for marking the graves of Revolutionary soldiers, also soldiers of 1812 wars.

ART. 8.—To see if the town will vote to purchase a small tract of land near the old No. 8 schoolhouse for a gravel pit for the repairs for the highways, and raise and appropriate a sum not exceeding twenty-five dollars ($25) to pay for the same.

ART. 9.—To see if the town will vote to instruct the

selectmen to purchase a new road machine for the use of the town and raise and appropriate a sum not exceeding two hundred and fifty ($250) dollars to pay for the same.

Art. 10.—To see if the town will vote to expend the sum of fifty ($50) dollars, now in the town treasury, which was received from the New England Telephone Company for damages done by said company to shade and ornamental trees in Fitzwilliam village, in grading the common and repairing and painting the fence around said common.

Art. 11.—To choose a committee of three competent persons to superintend the work and judiciously expend so much of said sum of fifty dollars as they may deem necessary in making said improvements and repairs.

Art. 12.—Will the town vote to instruct the police officers to prohibit the ringing of the town bell on July 4th except in case of fire.

Art. 13.—To see if the town will vote to build a flight of stairs from the south entrance to town hall to the landing above the hall for the better protection in case of fire, and raise and appropriate a sum of money not exceeding fifty dollars ($50) to build the same. And choose a committee to superintend the work thereon.

Given under our hands and seal this twenty-fourth day of February, in the year of our Lord eighteen hundred and ninety-nine.
